WHO WE ARE

Frontline Food Consultants and Engineers (FFCE) is a team of visionary leaders, consultants, and engineers dedicated to supporting entrepreneurs in the food and beverage processing sector.

- With over 13 years of industry experience, we bridge the gap between creative ideas and commercial success.
- We don't just consult; we execute. Our impact reaches millions daily through the products we've helped bring to market—from your favorite snacks to everyday staples.

WHY CHOOSE US?

- **TRUST BY NUMBERS:**

- 1,350+ Successful Formulations
- 1,087+ Satisfied Clients Worldwide
- 17+ Major Turnkey Projects Executed
- 13+ Years of Industry Dominance

- **THE FFCE ADVANTAGE:**

- Confidentiality: We safeguard your intellectual property through stringent security protocols.
- End-to-End Coverage: We handle everything—Project Ideation, Planning, and Execution.
- Regulatory Mastery: Full compliance with FSSAI, FDA (USA), and EU regulations.

CORE SERVICES

1. Project Ideation & Feasibility

The foundation of every project begins with identifying and eliminating up to 93% of potential roadblocks before they occur.

- **Conceptualization:** Brainstorming and refined prototyping to validate new ideas scientifically.
- **Market Intelligence:** In-depth consumer insight analysis, trend forecasting, and competitive benchmarking.
- **Feasibility Studies:** Comprehensive assessment of technical feasibility, process engineering, and financial/operational viability.

2. Project Planning & Execution

FFCE provides a scientifically structured approach to setting up or expanding food processing facilities.

- **Financial & Regulatory Aid:** Assistance with government schemes, subsidies, bank loans, and licensing.
- **Engineering & Design:** Site selection, architectural design, and detailed process/mechanical engineering.
- **Operational Setup:** Equipment procurement, installation, commissioning, and utility system design (water, steam, electricity, HVAC).

3. New Product Development (NPD)

Transforming concepts into market-ready products with a 97% success rate.

- **Formula Perfection:** Precision recipe formulation and sensory evaluation to ensure consumer appeal.
- **Standardization:** Creation of Standard Operating Procedures (SOPs) for consistent production quality.
- **Scaling:** End-to-end support for launching new lines or enhancing existing ones.

4. Technological Support & Smart Manufacturing

Integrating modern technology to modernize operations and ensure scalability.

- **Automation:** Implementation of PLC/SCADA control systems and IoT solutions for real-time monitoring.
- **Data Systems:** Advanced data analytics, ERP (Enterprise Resource Planning), and MES (Manufacturing Execution Systems).
- **Integrity:** Blockchain and RFID-based traceability and tracking solutions to ensure food safety.

5. Process Improvement & Efficiency

Focused on reducing waste and maximizing profitability through lean practices.

- **Lean Manufacturing:** Identification of inefficiencies and implementation of continuous improvement programs.
- **Sustainability:** Energy efficiency audits and waste management strategies.
- **Performance:** Performance measurement and workflow optimization.

6. Regulatory Compliance & Quality Assurance

Navigating the complex legal landscape of the global food industry.

- **Global Standards:** Assistance with HACCP, GMP, FSMS, and FSSC 22000 certifications.
- **Compliance Documentation:** Management of food safety, health and safety, and environmental impact assessments.
- **Intellectual Property:** Ensuring your innovative ideas and trade secrets are legally protected.

7. Turnkey & Strategic Services

For a hassle-free experience, FFCE manages the entire project lifecycle.

- **Turnkey Solutions:** A "one-stop shop" from initial research to facility construction and final commercialization.
- **Third-Party Collaboration:** Managing partnerships for co-packing and private labeling, including vendor performance monitoring.
- **Legal Advisory:** Guidance on mergers, acquisitions, contract management, and product recall protocols.

8. Audits & Training – Food Factory & Certification Services

Professional audit and training solutions to support food and beverage organizations in achieving the highest standards of food safety, quality, and regulatory compliance.

Audits:

- HACCP, FSMS (ISO 22000), GMP, and FSSC 22000
- Comprehensive factory audits from raw material intake to product distribution
- Clear identification of gaps, risks, and corrective actions

Training:

- HACCP, FSMS, GMP, and FSSC 22000 training programs
- Practical, compliance-focused learning for effective implementation
- Delivered on-site or online and tailored to organizational needs

FFCE helps organizations achieve certification readiness, strengthen food safety culture, and maintain sustainable compliance.

OUR EXPERTISE

- **Convenience & Snacks:** Frozen foods, RTE/RTC, and traditional snacks.
- **Beverages:** Energy drinks, soft drinks, tea/coffee premixes, and alcoholic beverages.
- **Gourmet & Specialty:** Artisanal cheeses, specialty meats, and exotic condiments.
- **Functional Foods:** Nutraceuticals, dietary supplements, and fiber-enriched products.
- **Milling & Spices:** Rice, cereal, and oil milling; raw and mixed spice production.

OUR CATEGORIES

HEALTH FOODS

Organic Foods
Gluten-Free Products
Lactose-Free Products
Foods for special dietary requirements
Low-Sodium Products
Fortified Foods
High-Protein Foods
Keto and Paleo Diet Foods

BISCUITS

Cookies
Muffins
Crackers
Shortbread
Rusk
Thin Biscuits (Potato)
Fermented Biscuits

PROPRIETARY FOODS

Customized Meal Kits
Innovative Snack Foods
Namkeens and traditional
Indian snacks
Vitamin-Enriched Foods
Mineral-Enriched Foods

ICE CREAM

Popsicles
Soft Serves Novelty Ice Cream
Ice cream cakes
Frozen Desserts

MICROBIOME FOODS

Kimchi
Miso
Kombucha
Fermented Vegetables
Fermented Beverages

FRUIT & VEGETABLES

Frozen Fruits and Vegetables
Canned Fruits and Vegetables
Juices
Jams
Dehydration of Fruits and Vegetables
Aseptic Sterilization of Pulp and Paste
Sauces
Chutney
Pickle

BEVERAGES

Energy Drinks
Sports Drinks
Soft Drinks
RTS Beverages
Mocktail Premixes
Squashes
Tea and Coffee Premixes
Powdered Beverages
Beverages for Gym Goers

FOOD INGREDIENTS

Spices and Seasonings
Herbs
Flavorings
Sweeteners
Thickeners and Stabilizers
Colorants
Preservatives
Extracts and Concentrates
Specialty Flours
Mayonnaise
Spreads

MARINE FOODS

Fresh Fish
Canned Fish
Smoked Fish
Seaweed Products
Shellfish (shrimp, crab, lobster)
Caviar
Fish Oils & Omega-3
Supplements

CONVENIENCE FOODS

Frozen Meals
Ready-to-Eat Snacks
Microwaveable Foods

Convenience Bakery:

Pre- Made Dough
Ready-to- Bake Pastries
Single-Serve Portions
Cereal Milling
Baking
Ready-to-Eat (RTE) Foods
Ready-to-Cook (RTC)
Do- It-Yourself (DIY) Foods
Pasta & Noodles
Chips and Tortilla Snacks
Savory & Culinary
Canning
Retort
Breakfast Cereals

DAIRY

Whole Pasteurized Milk
Skimmed Milk Processing
Powdered Milk Processing
Cheese
Yogurt
Buttermilk Processing
Butter Processing
Ghee Processing
Flavored Milk and Coffee

GOURMET FOODS

Artisanal Cheeses
Specialty Meats (prosciutto,pâté)
Gourmet Condiments (truffle oil, balsamic glaze)
Exotic Fruits and Vegetables
Fine Chocolates
Specialty Breads and Pastries
Gourmet Sauces and Spreads

ALTERNATE PROTEIN (VEGAN)

Plant-Based Meat Alternatives
Plant-Based Dairy Alternatives
Soy Products (tofu, tempeh)
Legume-Based Proteins
Mycoprotein (e.g., Quorn)

CONFECTIONERY

Gummies and Jellies
Hard Candies
Lollipops
Chewing Gum
Nougat
Candy Coated Chocolates
Chocolates
MAP and CAP
Fruit Squashes and Fruit
Cubes of Tutti Frutti

MEAT, EGG & POULTRY

Fresh Cuts
Cold Cuts
Processed Meat
Frozen Meat Products
Fresh Eggs
Processed Egg Products

SWEETS

Soan Papdi
Rasgulla
Kaju Katli

ALCOHOLIC BEVERAGES

Fruit Wine
Fruit Spirit
Beer Cider

FUNCTIONAL FOODS & NUTRACEUTICALS

Dietary Supplements
Fortified Juices & Beverages
Probiotic Supplements
Prebiotic Foods
Omega-3 Enriched Foods
Fiber-Enriched Foods

MILLING

Oils
Rice Milling
Cereal Milling
Pulses Milling
